From Vision to Reality: Executing the Next Growth Frontier

**Mr. Bhaveshkumar
Dhirajlal Gadhethriya**
Promoter & Managing Director

“

Good morning/afternoon/evening to all our valued stakeholders—our shareholders, customers, employees, and partners—and thank you for your continued trust in Infinity Infoway Limited. We are entering an exciting new phase in our journey, evolving from an ERP solutions provider into a diversified, IP-led technology company with capabilities spanning AI-powered enterprise solutions, digital education, examination technology, and secure examination infrastructure. Today, Infinity stands at an important inflection point—transitioning from a traditional ERP solutions provider into an innovation-led, IP-driven technology platform. Our expanding portfolio across AI-powered ERP, digital education, online examinations and our patented ZEROTOUCH™ DaaS technology reflects our strategy of solving mission-critical institutional challenges through scalable technology while building new avenues for sustainable growth.

Q1 FY27 has marked a strong start to the financial year, reflecting robust growth across key financial parameters. Revenue stood at ₹689.93 lakhs, registering a growth of 119-31%, EBITDA increased to ₹344.92 lakhs, growing by 115.48%, with a healthy EBITDA margin of 49.99%. PAT stood at ₹201.61 lakhs, recording a growth of 93.29%, while the PAT margin remained strong at 29.22%. We were granted a patent for our ZEROTOUCH DaaS technology, reinforcing our shift towards an IP-led business model. We also remain committed to building a strong and engaged workforce. Our employee attrition stands at 25.45%, which is well-managed for a growing technology company, supported by our focus on ESOP schemes for top performers, continuous recognition programs, and employee engagement initiatives throughout the year.

AI-Led Growth Engines & Vision - 2029

Artificial Intelligence remains central to our next phase of growth. We view AI as an opportunity to strengthen our products, enhance decision-making, improve operational efficiency and create new technology-led business opportunities. Our focus is increasingly centered around three key product engines—ZEROTOUCH™, AI in Education and AI in Manufacturing—which we believe can significantly expand our addressable market and strengthen Infinity's position across the technology ecosystem.

ZEROTOUCH™ is expected to emerge as an important growth driver, with planned deployment of over 150 machines, reaching more than 6.4 lakh students across 3 universities and 20+ institutions, and expected to contribute 20–22% of total revenue. Alongside deeper penetration within India, we are also pursuing opportunities in international markets and have initiated marketing activities outside India as an early step towards establishing a broader global presence. Our vision is to become a prominent market player by building leadership around our three emerging growth engines—ZEROTOUCH™, AI in Education and AI in Manufacturing. We intend to combine our existing technology capabilities, intellectual property, institutional relationships and expanding market presence to create an increasingly diversified and scalable business platform.

Strategic acquisitions will form another important pillar of this vision. We intend to evaluate opportunities for backward and forward integration that can strengthen our technology capabilities, broaden our product portfolio, deepen customer relationships and accelerate market access. ***Our acquisition strategy will remain disciplined, with potential opportunities evaluated for their alignment with Infinity's vision, culture and long-term strategy, with particular focus on Technology, Education, FinTech, AI and Data Centre businesses.***

Products, Technology & ZeroTouch™

Comprehensive ERP offerings and the patent-protected ZEROTOUCH DaaS platform

Transformative Solutions: Comprehensive Service Offerings

The Company provides comprehensive Enterprise Resource Planning (ERP) solutions for education and industry sectors, addressing their unique needs

Strategic Machine Launch: From SaaS ERP Provider to IP-Led Technology Company

Infinity Infoway launches patented **ZeroTouch DaaS** machine — a next-generation solution for secure printing & distribution of confidential documents.

WHY ZEROTOUCH?

- ✓ Patent-protected proprietary technology
1st of its kind in India
- ✓ Tamper-proof & automated distribution framework
100% tamper-proof & secure
- ✓ Designed for secure printing & distribution
24x7 automated & reliable
- ✓ Enables end-to-end security
100% end-to-end security
- ✓ Eliminates traditional vulnerabilities
90%+ vulnerabilities eliminated

STRATEGIC SIGNIFICANCE

- ★ Expands Infinity's business model — beyond SaaS ERP into integrated hardware-enabled solutions
- ★ New revenue stream
IP-led product-driven business model — marks a strategic shift towards scalable, differentiated offerings
- ★ High scalability
Creates new opportunities — drives recurring revenue through innovative, secure hardware solutions
- ★ Recurring revenue potential
Strengthens market position — reinforces leadership in India's secure examination infrastructure ecosystem
- ★ Stronger market position

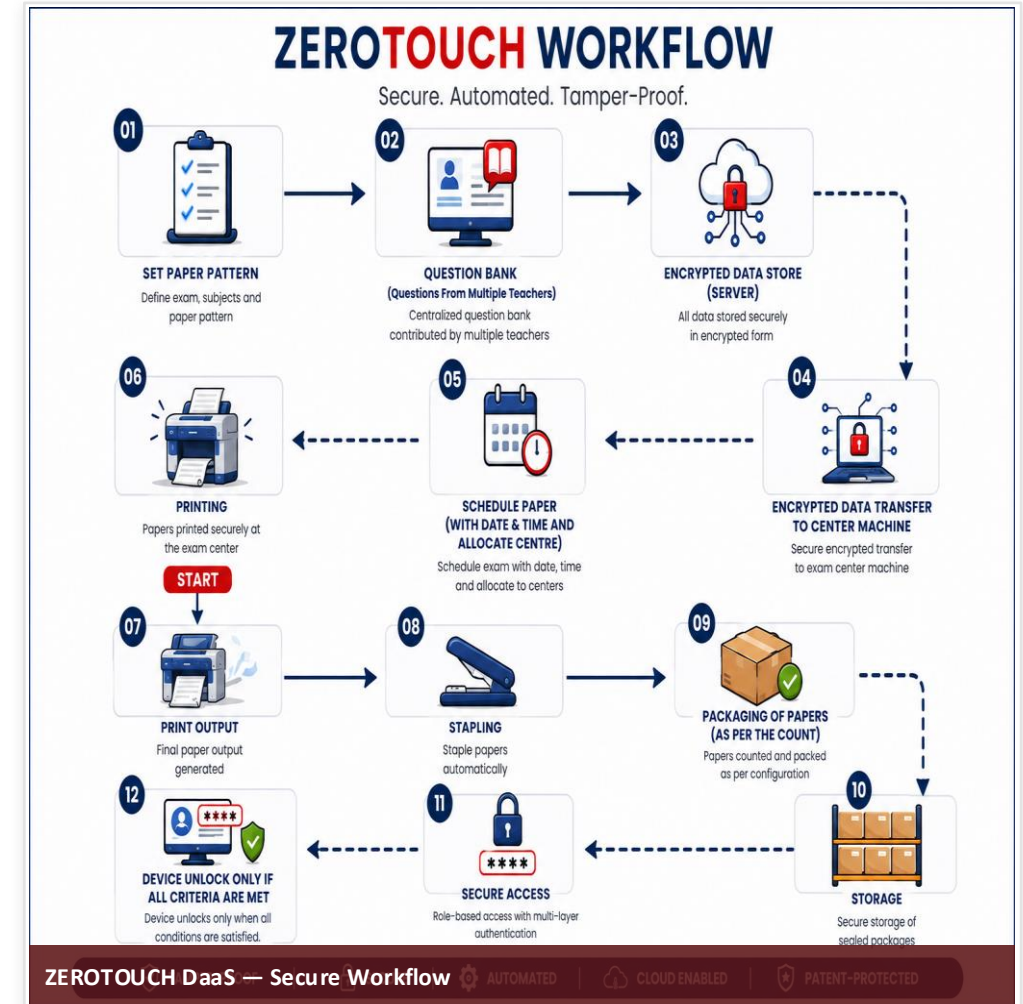

The Paper Leak Problem Has a Technology Solution

Transforming India's Examination System with ZeroTouch — the only end-to-end DaaS solution that eliminates paper leak at its roots

ADVANTAGES OF USING 'ZEROTOUCH DaaS'

-  Digital system for secure, efficient and accountable exam paper management
-  Automates creation, printing, packaging and distribution to reduce manual intervention
-  Minimizes errors, unauthorized access and security risks
-  Integrates hardware & software for seamless operations and monitoring
-  Enables real-time tracking to quickly resolve issues
-  Supports standardized schedules for timely preparation & distribution
-  Maintains audit trails to ensure transparency, accountability, and compliance

ZEROTOUCH ADDRESSES A – USD \$ 500 MN SECURE EXAM OPPORTUNITY

The opportunity is not dependent on one examination category—**ZEROTOUCH** can potentially address universities, school boards and government/recruitment examinations through a common secure-delivery architecture.

इनफिनिटी इंफोवे की जीरोटच मशीन बाजार में

जयपुर | इनफिनिटी इंफोवे ने राजस्थान में अपनी पेटेंटेड जीरोटच डाएएस मशीन लॉन्च की है। कंपनी के चेयरमैन भावेशकुमार गधेथरिया ने बताया कि यह मशीन एआई पावर्ड सुरक्षित परीक्षा पत्र वितरण प्रणाली है। इसे क्लाउड से क्लासरूम तक ऑटोमेटेड, टैम्पर-प्रूफ और परीक्षा पेपर के सुरक्षित वितरण के लिए डिजाइन किया है। यह प्लेटफॉर्म टीचरों को प्रश्न पत्र डिजिटली अपलोड करने में मदद करेगा। कंपनी के निदेशक अशोक होलानी मौजूद रहे।

पेटेंटेड ZEROTOUCH DaaS मशीन लॉन्च करने की घोषणा इनफिनिटी इंफोवे लिमिटेड ने FY2026 में रिकॉर्ड तोड़ परफॉर्मेंस

जयपुर (मॉनिंग व्यूज)

भारत - 15 मई, 2026 - इनफिनिटी इंफोवे लिमिटेड, जो एक लीडिंग AI-पावर्ड SaaS-बेस्ड ERP सॉल्यूशन प्रोवाइडर है, कंपनी ने जयपुर, राजस्थान में अपनी पेटेंटेड ZEROTOUCH DaaS (डिवाइस-एज-ए-सर्विस) मशीन लॉन्च किया।

ZEROTOUCH DaaS मशीन एक नेक्स्ट-जेनरेशन सॉल्यूशन है जिसे कॉम्पिटिशनल डॉक्यूमेंट्स और एजुकेशनल इंस्टीट्यूट्स के क्वेश्चन पेपरों को सुरक्षित प्रिंटिंग और डिजिटल डिवाइस के माध्यम से वितरित किया गया है।

प्रोप्राइटी टेक्नोलॉजी पर बना यह सिस्टम एक टैम्पर-प्रूफ, ऑटोमेटेड और बहुत सिक्योर प्रणाली है, जो हार्ड-टेक्स

एनवायरनमेंट में डॉक्यूमेंट्स डिजिटल से जुड़ी डिजिटल क्लॉन्गिंग के माध्यम से वितरित किए जाते हैं और एक स्ट्रेटिजिक बदलाव को दिखाता है, जो सॉफ्टवेयर से आगे बढ़कर इंटीग्रेटेड हार्डवेयर-इनेबल्ड सॉल्यूशन तक फैला हुआ है।

तीरी टच के बारे में तीरी टच एक AI-पावर्ड सिक्योर

पक्का करने के लिए रैडमली पेपर चुनती है। चुने गए पेपर को प्रोप्राइटी तीरी टच मशीन से सिक्योर तरीके से प्रोसेस किया जाता है, जो एजाम से लगभग दो घंटे पहले ऑटोमैटिकली प्रिंटिंग, स्टैपलिंग और ब्लॉक-वाइज पैकेजिंग करती है।

सॉल्व पैकेट को एजाम शुरू होने से ठीक पहले एक्सेस करने के लिए डिजाइन किया गया है, जिससे पेपर लीक, मैनुअल इंटरवेंशन और ऑपरेशनल गलतियों का खतरा काफी कम हो जाता है, साथ ही ओवरऑल एजाम सिक्योरिटी और प्रोसेस एफिशिएंसी भी बढ़ जाती है।

तीरी टच कॉम्पिटिशनल डॉक्यूमेंट्स के सिक्योर डिस्ट्रीब्यूशन के लिए भारत सरकार का पेटेंटेड सॉल्यूशन है, जो एजाम पेपर बनाने, हैंडल करने और डिजीटल करने के तरीके को फिर से डिफाइन करता है।

इनफिनिटी इंफोवे लिमिटेड ने वित्तवर्ष 2026 में पेटेंटेड ZEROTOUCH DaaS मशीन लॉन्च करने की घोषणा की

■ इंडियन एक्सप्रेस, जयपुर

इनफिनिटी इंफोवे लिमिटेड, जो एक लीडिंग AI-पावर्ड SaaS-बेस्ड ERP सॉल्यूशन प्रोवाइडर है, कंपनी ने जयपुर, राजस्थान में अपनी पेटेंटेड ZEROTOUCH DaaS (डिवाइस-एज-ए-सर्विस) मशीन लॉन्च किया। ZEROTOUCH DaaS मशीन एक नेक्स्ट-जेनरेशन सॉल्यूशन है जिसे कॉम्पिटिशनल डॉक्यूमेंट्स और एजुकेशनल इंस्टीट्यूट्स के क्वेश्चन पेपरों को सुरक्षित प्रिंटिंग और डिजिटल डिवाइस के माध्यम से वितरित किया गया है।

एनवायरनमेंट में डॉक्यूमेंट्स डिजिटल से जुड़ी डिजिटल क्लॉन्गिंग के माध्यम से वितरित किए जाते हैं और एक स्ट्रेटिजिक बदलाव को दिखाता है, जो सॉफ्टवेयर से आगे बढ़कर इंटीग्रेटेड हार्डवेयर-इनेबल्ड सॉल्यूशन तक फैला हुआ है।

इनफिनिटी इंफोवे लिमिटेड एक लीडिंग AI-पावर्ड SaaS-बेस्ड ERP सॉल्यूशन प्रोवाइडर है, जो पूरा रूप से एजुकेशन, मैनेजमेंट, ऑपरेशन और डिजिटल डिवाइस के माध्यम से एजाम सिक्योरिटी और प्रोसेस एफिशिएंसी को बढ़ावा देने का काम करता है।

तीरी टच कॉम्पिटिशनल डॉक्यूमेंट्स के सिक्योर डिस्ट्रीब्यूशन के लिए भारत सरकार का पेटेंटेड सॉल्यूशन है, जो एजाम पेपर बनाने, हैंडल करने और डिजीटल करने के तरीके को फिर से डिफाइन करता है।

Infinity Infoway bets on exam security hardware

Jaipur: Infinity Infoway signaled a strategic shift from being primarily a SaaS ERP provider to an IP-led technology company with the launch of its patented Zerotouch Device-as-a-Service (DaaS) machine in Jaipur.

The move positions the company in the growing market for secure examination infrastructure at a time when question paper leaks and exam integrity have become major governance concerns across India.

Bhavesh Kumar Gadhetariya of Infinity Infoway said, "The platform combines AI-driven digital selection of question papers with automated last-mile printing, stapling and sealed packaging."

He said the key differentiator is its "just-in-time" execution model, where papers are processed only about two hours before the examination, limiting human intervention and reducing leak risks. TNN

जयपुर, शनिवार, 16 मई, 2026

है, जिसके बाद एडवांस्ड AI टेक्नोलॉजी एजाम प्रोसेस के दौरान फेयरनेस, कॉम्पिटिशनल डिजिटल डिवाइस के माध्यम से वितरित किए जाते हैं और एक स्ट्रेटिजिक बदलाव को दिखाता है, जो सॉफ्टवेयर से आगे बढ़कर इंटीग्रेटेड हार्डवेयर-इनेबल्ड सॉल्यूशन तक फैला हुआ है।

02

Business Overview & Corporate Journey

An integrated digital ecosystem spanning ERP, education and examination security

Building an Integrated Digital Ecosystem Across ERP, Education & Examination Security

Infinity Infoway Limited is a Software-as-a-Service (SaaS) company primarily engaged in providing one stop solution for Artificial Intelligence (AI) based integrated Enterprise Resource Planning (ERP) solutions across sectors including education, manufacturing, Corporate and retail.

The Company has developed NEP (National Education Policy)-enabled ERP products integrated with cutting edge Artificial Intelligence (AI) capabilities, enabling institutions to leverage data-driven insights, enhance academic planning, and improve overall operational efficiency.

Beyond ERP, Infinity has expanded its technology ecosystem into secure examination management through its Online Examination System (OES) and patented ZEROTOUCH™ solution, designed to address critical vulnerabilities in conventional question-paper handling and distribution.

ZEROTOUCH™ introduces a secure, technology-led examination workflow built around encrypted digital delivery, controlled on-site processing and just-in-time printing—reducing dependence on central printing, physical transportation and prolonged pre-exam handling of question papers.

The Company's broader digital portfolio also includes Brainzorg, its self-learning platform, creating an integrated suite spanning institutional management, digital learning, online examinations and examination security.

What is my resources utilization?

Here's your current utilisation — all three are under-used:

58%

Classrooms
vs 80% target

44%

Labs
vs 75% target

63%

Professors
teaching load

What this means: labs sit idle most afternoons, classrooms clash at peak hours, and teaching load is uneven across faculty.

How should I improve it?

AI recommends 3 actions →

AI ACTION PLAN

NEP-aligned. Data-driven. Ready to apply.

Rearrange Timetable

classroom • lab

- > Shift 6 afternoon labs to idle morning slots
- > Resolve 4 peak-hour clashes — lifts room use 58%→78%

Merge Rooms & Labs (NEP)

NEP alignment

- > Combine 3 low-fill electives into shared NEP baskets
- > Convert 2 idle labs to multi-disciplinary use per NEP

Reallocate Faculty by Skill

teaching load

- > Flag 5 teachers with unused skills (AI, data, design)
- > Assign them new NEP electives — balances 63% load

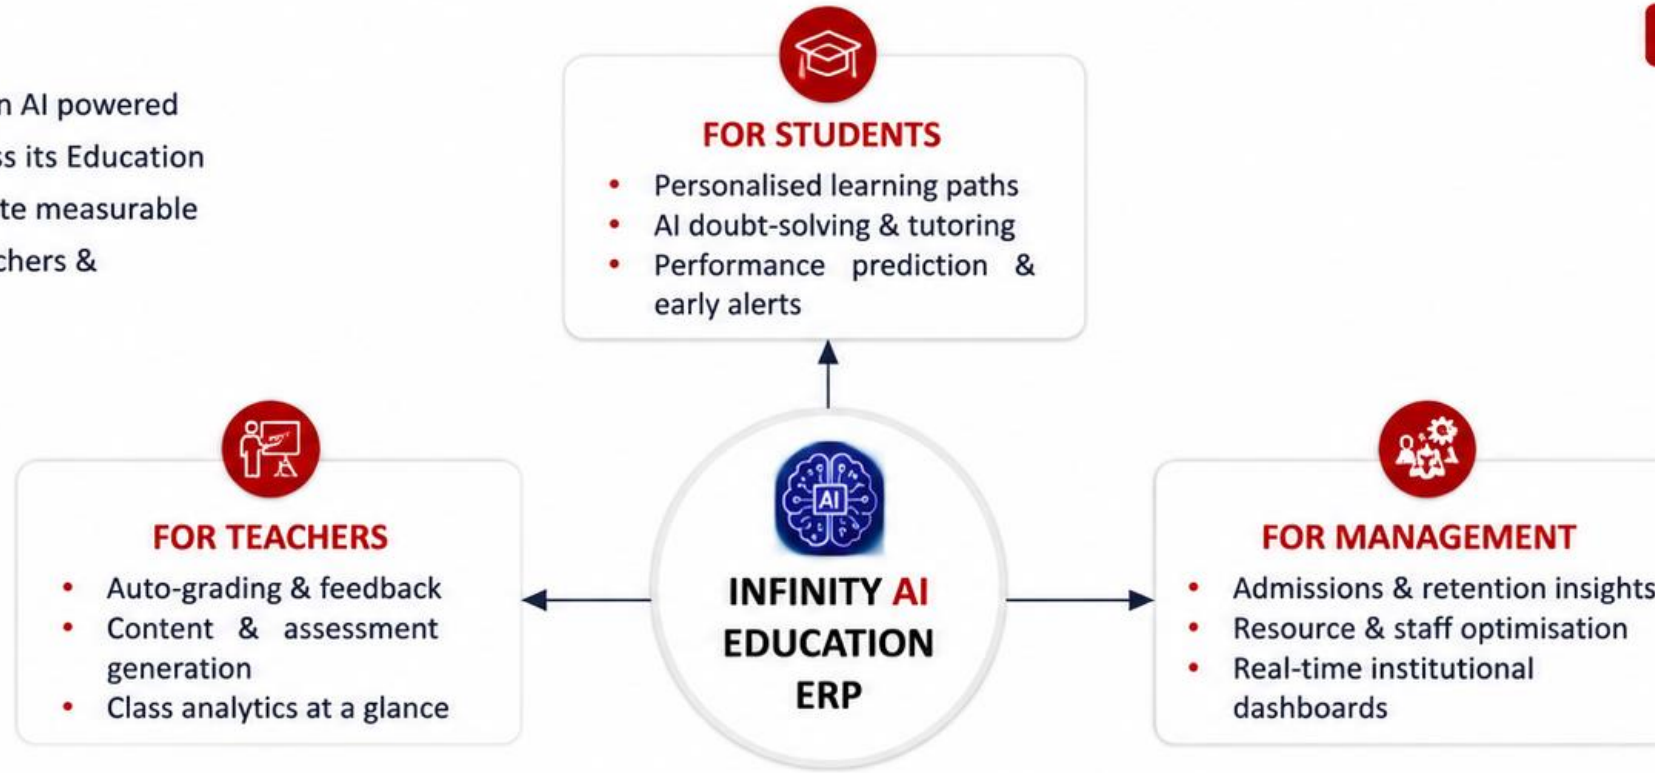

Projected: room use 58%→78% • lab 44%→72% • balanced faculty load
